storeMate online

For highly active retail organisations
Streamlining retailing central management, store
operations, branch solutions and logistics efficiency.

High Performance. Check. Bottom Line. Check. Happy Customer. Check.

- › All-in-One flexible Point of Sale software suite for strategic Sales Management, Multi-/Omni Channel Retail and Store Operations
- › Centralized Data Storage and Operations including web-based Transaction Viewer for Central and Store
- › Multi-Store: With multi-store pricing, storeMate online allows to set specific selling prices and PLU's for each SKU on a store-by-store basis;
- › Reporting: Includes employee performance, shopping insights, end of day summary as well as unit costs, profits and margins. storeMate online includes advanced reporting tools for a visual snapshot of the most important elements of your stores.
- › Centralized Promotions Module: Includes Direct Promotions, Mix and Matches, Transaction Promotions, Customer/Employee card oriented Promotion. Eliminates cashier and customer service decisions and calculations.
- › CRM and invoice
- › Drawer and safe management
- › Inventory: Pre-loaded items from suppliers save time. Break down boxes of items, tracking serialized items, combine items to sell together, efficiently print labels and much more.
- › Purchasing: PO preparation and tracking, centralized purchasing and re-order in time at the click of a mouse.

Checking Out should be simple

- › storeMate online is fully geared towards online customers with product offering, payment, checkout, invoicing, shipping, customs and taxes all tuned in to deliver what customers want, when they want it.
- › All transactions are handled at one location, allowing for accurate, real-time reporting in support of your ERP, Logistics, and data analysis operations
- › Reporting will help to execute your appropriate promotion tools.

50%

Flexible fulfilment options are what convenience is all about! Close to 50 % of global shoppers are happy to provide retailers with their personal information – as long as it results in a truly personalized offering (Accenture, 2014).

storeMate online is the Next Generation Point of Sale solution providing accurate and secure Centralized Data and Operations and delivers the ability for that all-important seamless shopping experience

Features

- › Centralized Transaction storage, Operations, Customer Management, Invoicing, Drawer and Safe Management, and Point of Sale Configuration

Together Commerce

Together Commerce is Toshiba's vision for the new future of retail where retailers adapt their strategies, their stores and their technology to engage with consumers throughout the buying process in a seamless and helpful way. This collaborative approach enables retailers and customers to create mutually rewarding commerce—together.

Trust Toshiba's Retail Experience

As the world's leading provider of integrated in-store solutions and retail insights, Toshiba delivers end-to-end solutions for checkout, consumer interactions and retail operations that unlock amazing new possibilities for our clients and shoppers everywhere.

Partners

At Toshiba TEC, our success relies heavily on the success of our partners. Whether you are a global technology company innovating for the future, a system integrator providing products and services in regions across the world, or a local VAR, our focus is helping you helping our joint customers.

At the same time, we also integrate and support smart applications from our technology partners into genuine end-to-end store automation solutions – for the greater benefit of our customers.

Toshiba TEC has a long track record of creating value for our customers applying a breadth of expertise around the globe. We demonstrate this expertise and commitment through joint Go To Market programs, Customer Training and Voice of the Customer Programs.

It is this approach that provides the foundation for our partnerships, helping us solve the retail industry's future challenges together, today.
